

27 March 2025

s 9(2)(a)

Official information request

Our ref: R00829

Tēnā koe s 9(2)(a)

Thank you for your Official Information Act 1982 (OIA) request received on 27 February 2025. You requested the following in relation to submissions received via the Ministry for Regulation (Ministry) online portal¹:

a table of all reports, including the sector they are in (eg manufacturing, food, tourism, local government), and how they were responded to/ what further actions were taken. In addition, can you please add the date of when each report was made, and make the table in order of date? Please include double-ups if possible

Information released

The information you have requested is contained in the attached Excel spreadsheet (**Appendix A**), broken down by date and theme where applicable. Currently, Ministry officials manually add theme tags during the screening and triage process when a pattern of issues has been identified – for example, we've received multiple submissions related to an assortment of traffic management issues which now have a Traffic Management theme tag.

Any relevant themes are shown in column D in the spreadsheet. Please note that some submissions do not follow a specific theme or fall into a specific sector. Additionally, due to the way we currently tag submissions, not all submissions have been categorised with a theme or sector. In instances where this occurs, column D of those items is left blank. I must refuse this part of your request (in part) under section 18(e) of the OIA, as the information does not exist.

Information released in an alternative format

You asked for the information to be released to you broken down by how they were responded to and what further actions were taken. We are unable to release the information in that form as this it would require us to search through all submissions for the manual actions taken (and the outcomes of those actions) and potentially require us to confirm with other agencies on how they actioned any submissions we referred to them.

¹ <https://consultation.regulation.govt.nz/regulatory-issues/tell-us-about-a-regulatory-issue/>

Considering this, we have decided to refer you to a summary of the information which contains a high-level overview of outcomes. We are permitted to do this under section 16(2) of the OIA, because it would otherwise impair the efficient administration of the Ministry to provide you with the information in the form that it was requested. Since receiving your OIA request, this information has been made available on the [Ministry for Regulation website](#)². Going forward, we intend to proactively release this information on a quarterly basis.

Right of review

If you wish to discuss this decision with us, please contact hello@regulation.govt.nz.

You have the right to seek an investigation and review by the Ombudsman of this decision. Information about how to make a complaint is available at www.ombudsman.parliament.nz or freephone 0800 802 602.

Please note that we may publish this response (with your details removed) on the Ministry for Regulation website.

Ngā mihi
